

Gabriel Marocco

Estimator | Project Manager

BIO

Gabriel brings over 15 years of experience in the demolition and abatement industry to the Bayview team. He began his career with a San Diego-based demolition subcontractor, where he gained hands-on experience as a general laborer and later as an operator of heavy concrete sawing equipment. He subsequently advanced into roles focused on safety coordination for large-scale projects and, eventually, into estimating and project management. Gabriel holds a Bachelor of Science in Business Administration from California State University San Marcos, equipping him with the skills to effectively integrate field operations with strategic project planning and execution.
