

Jayson Angulo

Estimator | Project Manager

BIO

Jayson is a Junior Estimator and Project Manager at Bayview Services, backed by 10 years of residential construction experience. After earning a Bachelor's in Business Management from San Jose State University and a Project Management Certificate from Cabrillo College, Jayson successfully founded and operated Angulo Construction. Over three years as a business owner, he managed diverse residential projects from the ground up, spanning full interior guts, ADUs, kitchen & bath remodels, decks, fences and more. Jayson leverages this comprehensive field experience and business acumen to deliver accurate estimates and seamless project execution for Bayview's clients.
