

Michael Vanderbilt

Safety Manager | Northern California

BIO

Prior to joining Bayview, Mike worked for the Town of Tiburon in the building and public works department. There he conducted routine maintenance, developed and implemented the town's recycling program, performed jobsite inspections for the Building and Public Works department, and completed a multi-agency project using GIS to map the town's entire stormwater system. Mike attended the University of San Francisco, obtaining his Bachelors in Business Management and a Master's in Public Administration. Mike brings his years of experience and knowledge to help Bayview continue to make safety a top priority.
