

PROJECT SUMMARY

Bayview Services, Inc. Subdivision Bayview Industrials Services, Inc. Has been the prime contractor on the USCG Polar Star Ship Life Extension Program (S.L.E.P.) since the indoctrination of the program in 2020. Service aboard the vessel include High pressure wash of fuel, oil and supporting systems. Pipe jetting for plumbing retrofit operations. Spot and mass lead abatement for weld and inspection surveys and sanitization services in compliance with various phased of the MIDD and USCG COVID-19 program. These and more services compliment the drydock capabilities of Mare Island which is an international ship repair and re-fit station critical to the USCG, US Navy and State operated ships.
