

### PROJECT SUMMARY

Bayview Demolition Services was awarded the interior demolition and site demolition of the Uva Bar and Catal restaurant in Downtown Disney. Bayview was tasked to provide a full interior gut of this 2-story building which included dining areas, kitchens, walk-in freezers, back-office space, and restrooms. This included partition walls, flooring, ceilings, MEPs, elevator shaft, and structural deck openings for the new elevator and staircase. Demolition also included complete demolition of the Existing Uva bar at the exterior, including demo of structural steel, concrete deck, and subgrade. This project took place in the heart of an active Downtown Disney and required a day and night shift crew to meet the required schedule.
