

Scott Renfrew

Estimator | Project Manager

BIO

With over 30 years of experience in industrial, manufacturing, and facilities operations, Scott brings a proven track record of managing complex, multimillion-dollar projects for Fortune 500 clients. As a strategic leader, he has successfully guided large multidisciplinary teams, built lasting client and regulatory relationships, and delivered compliant, scalable solutions that drive performance and value.

Scott is recognized for his strong financial acumen, including full P&L accountability, budget development, and risk management expertise. Known for driving operational excellence, regulatory compliance, and organizational transformation across diverse portfolios, Scott consistently aligns project outcomes with client and stakeholder objectives.
