

### PROJECT SUMMARY

Bayview Demolition Services was awarded the interior demolition of SDG&E CP4.2 2nd floor tenant improvement. Bayview was tasked to provide a full interior gut of the 39,000 SF 2nd floor. This included partition walls, flooring, ceilings, and MEP's. Demolition also included removal and disposal of concrete deck and framing for new structural upgrades at multiple locations throughout the 2nd floor. Bayview completed the project in accordance with SDG&E'S LEED requirements which included diverting 4 types of construction debris from the landfill.
